

FEATURED ALUM-A-LIFT  
TELESCOPING MULTI-PURPOSE CLEANROOM LIFT

PROJECT  
**31047**

**MODEL** A1500CRSLRT-72/68

**FEATURING** Multipurpose Toolless Quick Exchange End-Effectors, Telescoping Mast for Extended Heights, Obstacle Encounter and Load Sensing, Class 100 (ISO 5) Cleanroom Rated, CE and SEMI Compliant

**HANDLING** 300 lb [126 kg] Semiconductor Equipment

**DETAILS** To meet the ever changing demands in chip manufacturing, semiconductor tool suppliers must support the installation and maintenance of process tools. This cleanroom rated system was developed for a leading manufacturer of thin film deposition, plasma etch, photoresist, and wafer cleaning equipment. A full compliment of multi-purpose quick exchange end-effectors, allow one lift to easily support numerous systems in a safe and ergonomic way while minimizing downtime.
