

FEATURED ALUM-A-LIFT
 COMPACT ROLL HANDLING LIFT FOR FOOD PACKAGING

PROJECT
32016

MODEL A800CS-72

FEATURING 360° Manual Rotation Module, Powered Clamp with Clamp Force Limiting

HANDLING 380 lb [160 kg] Rolls

DETAILS This lift is designed to assist in the food packaging industry. Rolls of paper and plastic arrive palatized and must be lifted and rotating for installation. In some cases, the packaging rolls need to be installed in tight areas. This lift features front swivel casters and low profile handles to provide easier loading access. Safety features include: "Safe-to-lift" indicator light.
