

FEATURED ALUM-A-LIFT
 CLEANROOM MATERIAL HANDLING LIFT WITH HOIST RINGS

PROJECT
31359

MODEL A1500CRSLR-96

FEATURING Adjustable Width Dual Boom and Tethers

HANDLING 1000 lb [454 kg] Components

DETAILS Floorspace within a cleanroom is a precious commodity. This Alum-a-Lift has been sized to maximize its load capacity while still fitting in the tight environment. The lift features an adjustable width forkset and straps to handle a variety of components. It also features cleanroom construction to meet ISO 5 (Class 100) requirements.
