

# FEATURED ALUM-A-LIFT ROLL HANDLING LIFT FOR HAZARDOUS ENVIRONMENT

## PROJECT 31256

**MODEL** B350CSEE-72

**FEATURING** Roller Boom with Flip-Up Nose, 360° Swiveling Arm with Locking Positions every 90°, Handles on Swivel Arm, Non-Marring Bumpers on Legs

**HANDLING** 250 LB (113 KG) Rolls

**DETAILS** This Alum-a-Lift is designed to transfer roll goods from one machine to another in an environment containing combustible dusts and hazardous substances (Class 1&2 Div 2; ATEX Zone 22; Cat 3). This lift features a roller boom on a 360° swiveling arm to allow easy loading and unloading in tight areas. UHMW bumpers are attached to the lift's legs to prevent accidental sparking.
