

FEATURED ALUM-A-LIFT
SEMI S2/S8 RATED MOBILE CLEANROOM MAINTENANCE HOIST

PROJECT
31248

MODEL A800CRSLRPD-72

FEATURING Interchangeable End-Effectors, Locking Articulated Arm, Obstacle Encounter/Overload, Linear Rail Construction, ISO5 (Class 100) Cleanroom, SEMI S2, S8 Rated

HANDLING 150 lb [68 kg] Pumps, Heater Blocks & Barrels

DETAILS Designed for a global leader in the semiconductor industry, this multi-purpose hoist makes servicing 200mm Chemical Vapor Deposition (CVD) equipment easy. Interchangeable end-effectors allow for handling different components, including turbo/vacuum pumps, heater blocks and barrels. The arm's long reach coupled with the hoist's stiff construction allow for off center loading during lifting and maintenance operations. A powered drive assist provides effortless movement in the fab.
